EDUCATION

Recurse Center   August 2016 - November 2016
Self-directed, educational retreat for people who want to get better at programming

Los Andes University   January 2009 - December 2012
BSc in Systems and Computing Engineering

PROFESSIONAL EXPERIENCE

Seven4n   January 2013 - June 2016
Software Engineer   *Bogotá, Colombia*

· Developed an application using JEE and GWT for an insurance company.
· Worked remotely for a company in the United States developing a REST API using Scala.
· Was the technical leader of a group of developers doing a data migration in the previously mentioned company.
· Took part in the construction of a insurance product. Was the technical leader of a small team of engineers: Guided technical decisions and helped members new to the tech stack or to the team become productive.

Los Andes University   August 2011 - May 2012
Teacher assistant for Design and analysis of algorithms.   *Bogotá, Colombia*

· I was in charge of evaluating student homeworks and exams.
· Gave some classes in preparation for exams.

CIACUA, Los Andes University   March 2011 - August 2011
Software Engineer   *Bogotá, Colombia*

· I took part in a software reingeneering process of an application used for the design and simulation of distributed water networks. I documented the design in UML and fixed bugs found in a version update.

ACHIEVEMENTS AND AWARDS

· *Quiero estudiar* scolarship for studying Systems and Computing Engineering in Los Andes University (October 2008).
· Classified to the regional latinoamerican programming contest (ICPC), 2011.
· Classified to the regional latinoamerican programming contest (ICPC), 2012.

COMPLEMENTARY EDUCATION

· Advanced Akka (provided by *Typesafe*).

· Fulfillment of the online course *Software Engineering for Software as a Service* taught by professors from Berkeley University at California. April 2012 (*Coursera*).
· Fulfillment of the online course *Machine Learning* taught by a professor from Stanford University. July 2012 (*Coursera*).
· Fulfillment of the online course *Programming Languages* taught by a professor of Washington's University. July 2013 (*Coursera*).

OPEN SOURCE SOFTWARE CONTRIBUTIONS

· **Scalaz:** Added a new functionality in three distinct classes.

TECHNICAL SKILLS

Programming Languages	
(in order of skill):	Scala, Java, Javascript.
Basic knowledge of:	Python, Octave/Matlab.
Versioning Systems:	Git, SVN.
